COMMANDER IN CHIEF
ALLIED FORCES SOUTHERN EUROPE

24 FEB 1977

Dear General,

Many thanks for your thoughtful letter and kind sentiments on my nomination. I am looking forward to the new challenge with great enthusiasm, although I must also confess to more than a twinge of regret in leaving my NATO responsibilities and the many beauties of the Mediterranean behind.

Pat and I will be sorry to miss your next Ischia visit but will anticipate with pleasure seeing you in the states. My new official address, the only one I have at the moment since we anticipate hotel living for at least several months, is Director of Central Intelligence, Central Intelligence Agency, Langley, Virginia 20505.

All the best and, again, my thanks.

Yours
